

BOMSS Annual Scientific Meeting 2022

Training Day Programme – 16th May 2022

Time	Session	
09:00 – 09:30	Registration – Tea & coffee	
09:30 – 09:40	Welcome by Will Hawkins, Local Organiser	
09:40 – 11:00	<p>Session 1 – Optimising Weight Management whilst on the Waiting List for Surgery</p> <p>This session aims to provide a multidisciplinary overview of the various strategies and pathways being used to support patients whilst they are on the waiting list for bariatric surgery; a topic that is never more relevant as teams attempt to address the impact of the COVID pandemic on patient care. We will explore dietary, pharmaceutical, psychological and endoscopic approaches to optimising weight management.</p>	
11:10 – 11:30	Refreshments and Exhibition	
11:30 – 13:00	<p>Session 2 – Dissatisfaction after Bariatric Surgery and when to consider Revisional Surgery</p> <p>This session will discuss the challenges of providing care for patients who are dissatisfied with the outcome from bariatric surgery. We will hear from clinicians about biochemical complications, the importance of multidisciplinary working and when it might be appropriate to consider revisional surgery. We are also delighted to have a patient representative join for the session to support an inclusive exploration of the topic.</p>	
13:00 - 14:00	Lunch and Exhibition	13:40 Lunchtime Sponsored Symposium: Management of Gastric Bands with Richard Juniper
14:00 – 14:55	<p>IHP Session 3 – The Voice of Experience</p> <p>This session will explore the experience of living with obesity and will aim to cover topics such as shame and stigma, the challenges to seeking support from services and the experience of living in a larger body whilst also being an obesity specialist.</p>	<p>Surgical Trainee Session 3 – Laparoscopic training.</p> <p>Hands-on laparoscopic skills training, with close supervision and feedback from expert faculty. Stations to include:</p> <ul style="list-style-type: none"> • SG and RYGB - Learn the St Richards Unit technique • Management of gastric bands, including tips for insertion and removal <p>Suitable for trainees with a mix of laparoscopic experience.</p>
14:55 – 15:05	Refreshments and Exhibition	

15:05 – 16:00	<p>IHP Session 4 – Integrating Lived Experience into your Service</p> <p>This task orientated session will allow delegates to reflect on how patients might describe their own services and consider how patients can be better included to shape improvements.</p>	<p>Surgical Trainee Session 4 – Laparoscopic training.</p> <p>Continuation from previous session</p>
16.00 – 16:15	<p>Closing Comments with Will Hawkins</p>
